UNITED STATES PUBLIC LAND SURVEY CORNER CERTIFICATE

96 , Township_ North, Range _West, of Land Survey Monuments situated in Section_ does not apply __ County, Iowa, Previously recorded in ____ Chickasaw the Fifth Principal Meridian,

County Recorder's Office.

Monument Description and Remarks:

This certificate is prepared in accordance with Section 355.11 of the Code of Iowa. No previous certificates have been filed for these corner locations.

SE Corner: Based on Chickasaw County Engineer's Reference Ties we found two 5/8" diameter steel bars used previously as tie markers. From these ties we found a P.K. nail at the approximate centerline of the county road that matches the description of the monument set previously at the SE Corner of Section 21, Township 96 North, Range 11 West.

ESE 1/8 Corner: We found no record of the ESE % Corner being set. We found no evidence of a monument in the field other than the county roads and a fence line running east. We found the E 1/4 Corner and the SE Corner. We set a Mag-nail with 1 1/2" diameter stainless steel washer #11442 on line and midway between the SE Corner and the E 1/4 Corner as the ESE 1/8 Corner of Section 21, Township 96 North, Range 11 West.
